

Join the 2018 APHA 1Billion Steps Challenge

Walk with Team APHA or join a friend, family or work team to support our goal of walking one billion steps by the end of National Public Health Week. **Follow the directions below.**

Create your own Team

Teams of 3 or more can compete together to step to the top of the leaderboard. If you're interested in creating or competing as a team follow the directions below!

1. Nominate a Team Captain and decide on a team name/image.
2. The team captain will then register the team by going to this URL in a web browser:
<https://stridekick.com/tc/apha18>
3. Login or create an account and connect your device.
*If you participated last year make sure to sign into your existing account.
4. Click 'Create a team'
5. Input your team name and add an image. This can be edited by the team captain at any time.
6. Select 'Create' to successfully complete your team
7. Once created, you can now invite your teammates to join by using either of the ways below.

To view the challenge and your teams progress head to your [Stridekick dashboard](#).

Using the team challenge page

The best option is for team members to join your team through the [overall team challenge page](#). View and send out Page 2 for instructions!

Using the Share Link

Once your team is created you can view your roster through the 'View Team' [button on the team challenge page](#)! Click in to view and copy your team's custom share link. You have the option to invite members by sending out this share link via email, Twitter or Facebook!

Once they click the specific share link they will be instructed to download the app, login or set up and account and connect their tracking device and join the challenge!
